AEROSPACE TESTING WORKSHOP

Trillion Workshop Series: Accelerating Product Development

June 11, 2026

Santa Ana, California

Certified
Metrology Partner

Join us

Join us for an exclusive event focused on precision testing and validation.

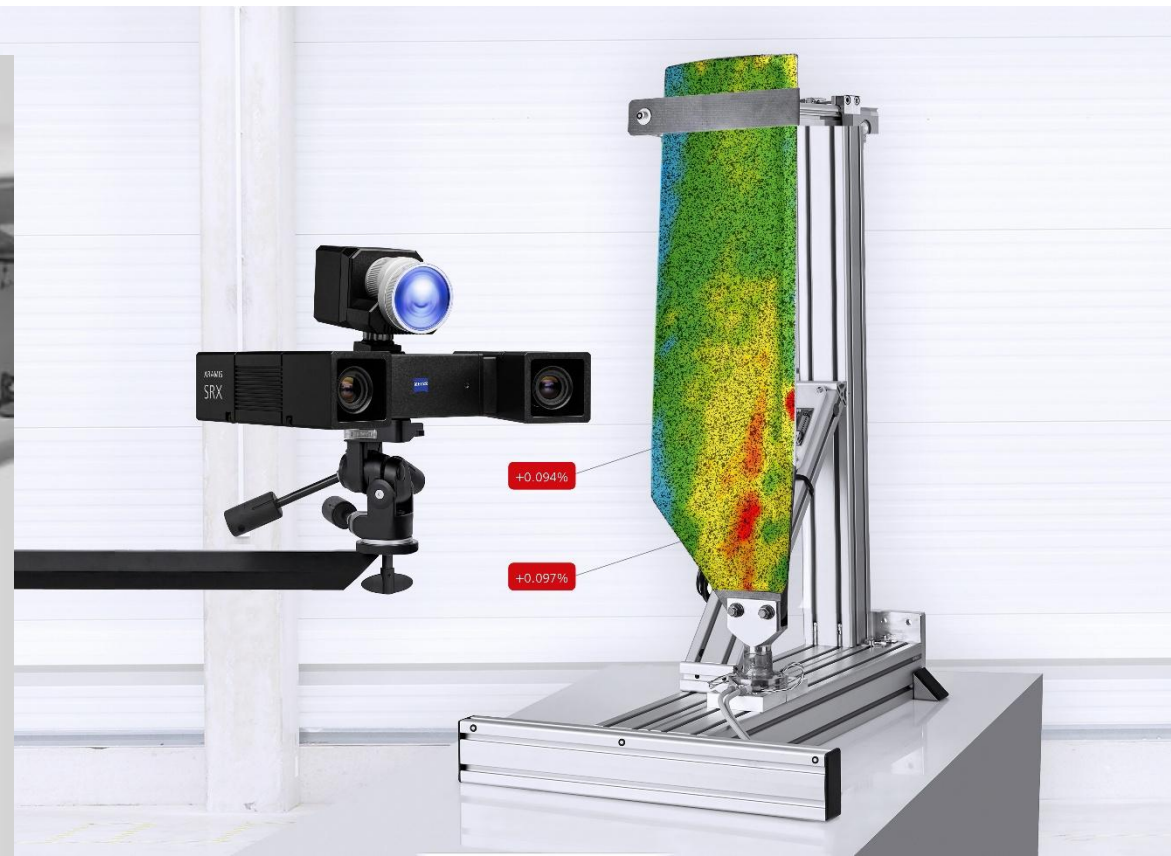

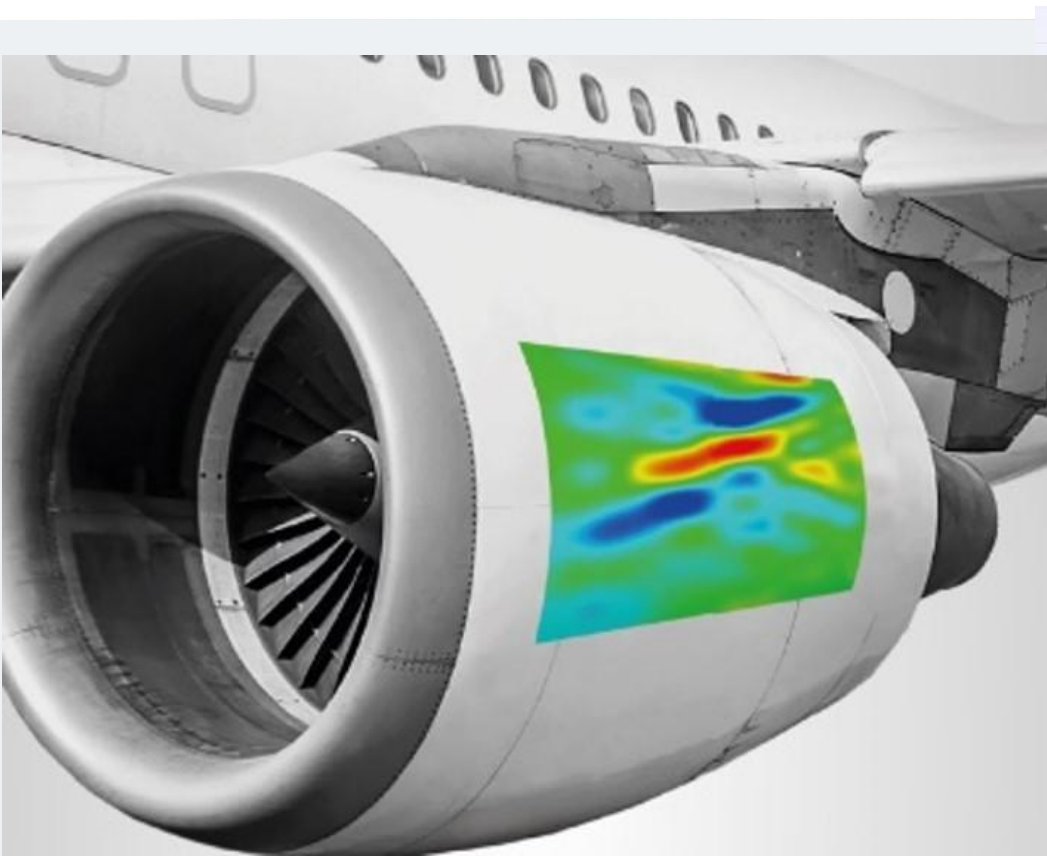

Learn how ZEISS ARAMIS, an ASTM-compliant optical 3D testing system, delivers rapid, high-accuracy, full-field strain and 3D deformation data on complex aerospace structures, enabling faster validation and more confident design decisions.

- Speed up product development and testing
- Save time and money in preparing and evaluating mechanical tests
- Bridge the gap between simulation and test

June 11, 2026

9:30 am – 4 pm

ZEISS Quality Excellence Center
Santa Ana, California
3203 S Shannon St | 92704 Santa Ana

Agenda

- 09:30 Welcome with coffee and registration
- 10:00 Event introduction | portfolio overview
- 10:30 ARAMIS live product demonstration in plenum
- 11:00 Applications overview
- 12:00 Lunch break
- 13:00 Customer presentation
- 13:30 Facility tour | Workshop stations
- 14:30 ZEISS CORRELATE Pro – workflows and apps
- 15:00 Test-to-Simulate: Building Aerospace Material Libraries
- 15:30 Closing remarks & Networking reception
